In the MEMORIALS section starting with point 34, replace any reference to a "tablet", "monument", or "marker" with the single label of "memorial".

Section 36.

A memorial may be installed on a grave in the cemetery provided the installation fee, as set out in "Schedule C" hereto, is paid and the memorial is made of stone or bronze and conforms to the following:

- a) Each memorial shall be installed in a position and specification on the grave according to that established by the Corporation for memorials on graves in the cemetery
- d) Except as permitted other wise in sub-section (e) the top surface of memorials and concrete bases shall measure as follows:

For clarification W (width) is East-West and L (length) is North-South. On Adult size graves:
