ADDENDUM NO. 1

RFQ 2026-03 – Elevator Road Paving Project / Village Drainage Improvements

Issue Date: July 24th, 2026

This Addendum forms part of the Request for Quote documents. All proponents shall acknowledge receipt of this Addendum in their quotation.

1. PAVEMENT STRUCTURE

The following requirement is added under General Requirements Applicable to All Schedules:

Pavement Structure

Unless otherwise approved in writing by the Village, the completed roadway shall consist of:

- 150 mm compacted depth of well-graded granular base, placed and compacted to industry standards; and
- 100 mm compacted depth of hot mix asphalt, in accordance with good industry practice.

The finished roadway shall tie smoothly into the existing paved roadway, maintain positive drainage, and provide a smooth riding surface free of abrupt transitions.

2. CONFIRMATION

Except as modified by this Addendum, all other terms and conditions of RFQ 2026-03 remain unchanged.
