Pouce Coupe Completes Phase I of Village Office Park Improvements

The Village of Pouce Coupe is pleased to announce that Phase I improvements to the Village Office Park are complete and the park is now open for residents and visitors. The project has added some new assets and marks an important step in continuing to improve public amenities within the community.

By direction of Council, the project was completed without the use of Village tax dollars, so donations and grants were crucial to make these improvements possible. The Village gratefully acknowledges the generous support of the:

- Northern Development Initiative Trust;
- the Government of British Columbia through the Growing Communities Fund;
- the Northeast Regional Community Foundation;
- Enbridge;
- Peace River Regional District, Electoral Area D;
- Pembina Pipeline Corporation.

While this is an important milestone, further opportunities remain to enhance the Village Office Park through a future Phase II, as well as other Village parks. The Village thanks the organizations and individuals involved whose support helped bring this project to life.
